Key Skills

Programming Python, FastAPI, C++, C, Java, JavaScript, Flutter, React

Miscellaneous Linux SysAdmin, Git, SQL, BASH, Docker, Nginx

Work Experience

Coach Me (start-up)

Athens, Greece

Co-founder, CTO, Software Engineer

Oct 2022 - present

- **App Development:** Led a cross-functional team to build and launch a fitness automation app, Coach Me, from the ground up, leveraging an end-to-end tech stack including Flutter and FastAPI. Initially coordinated our team's technical initiatives, providing direction and oversight to ensure project success.
- **Short Cycles:** Successfully launched the minimum viable product (MVP) on the Play Store within just two months of development.
- **Technical Expertise:** Engineered a scalable and secure backend infrastructure, implementing features like token-based authentication and reverse proxy through Nginx. Utilized Docker for seamless deployment and orchestrated DNS configurations for domain management.
- **Professional Standards:** Six months into the project, I actively collaborated with a newly onboarded senior team member to quickly adopt and implement industry best practices, including code reviews, CI/CD pipelines, pre-commit hooks, and GitHub Actions, resulting in a significant improvement in code quality and deployment efficiency.

Education

National Technical University of Athens (NTUA)

Zografos, Greece

Integrated MEng in Electrical & Computer Engineering (5-year joint degree)

Oct 2018 - Current

- **Projected GPA:** 8.0/10
- **Concentration:** Software Engineering, Networks, Parallel Programming
- **Relevant Coursework:** Microprocessor Systems & Laboratory, Operating Systems & Laboratory, Parallel Processing Systems, Distributed Systems, Advanced Topics in Computer Architecture, Databases, Algorithms and Complexity, SaaS Technologies, Computer Network Security.
- **Notable Projects:** A simple blockchain system, Linux driver for block devices, SaaS Project on Message Brokers.

Evangeliki Model High School of Smyrna

Nea Smyrni, Greece

Nationwide University Entrance Examination score: 17,923/20,000 (top 5 %)

Sept 2014 - Jun 2017

- **Grade:** Graduated with Distinction (GPA: 19.1/20)
- Was member of group of excellence in Chemistry (2015, 2016)
- Participated in Young Business Talents contest (2016)

Achievements

2022 **3rd Place at International Round of EBEC**, Category of Case Study

Croatia, Zagreb

2022 **1st Place at Local and National Round of EBEC**, Category of Case Study

Athens, Greece

2021 **Top 10 of IEEE Extreme 15 (top 2%)**, Competitive Programming

Athens, Greece

Languages

English Professional proficiency

Greek Native proficiency

German Goethe Zertifikat (B2)
